.....SHE'LL BE KILLED.

BUT THROUGHOUT THE COUNTRY, HUNDREDS OF THOUSANDS OF CATS AND DOGS ARE GASSED EACH YEAR.
THROWN AWAY BY SELFISH OWNERS WHO SAY "I'M BORED WITH IT," OR "IT'S GROWN TOO BIG."
MIYUKI, YUU.

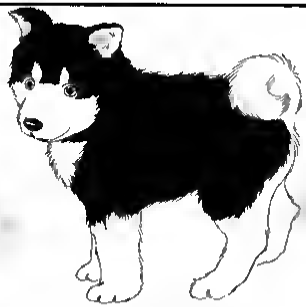
*In 2003, the total number of cats and dogs put down was about 420 million.

Before a year passed by, she became pregant and gave birth to three puppies.

was named "Nello" after the boy in "A Dog of Flanders."

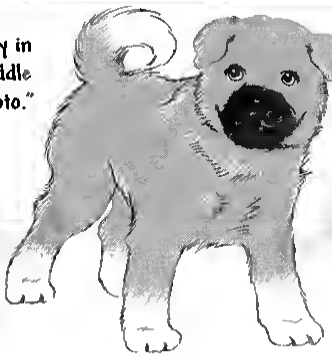
And so, this dog that became Miyuki and Yuu's pet,

The first-born girl was "Koro."



And the youngest, a boy...

The boy in the middle was "Toto."



HEY SIS, THESE PUPPIES DON'T LOOK LIKE NELLO AT ALL!
That was "Pao."
THAT'S TRUE, BUT WE'LL LOOK AFTER THEM TOGETHER, WON'T WE?
I can have a family of my own thanks to you ...
Thank you.
Nello is happy.

But in Autumn that year, the company Miyuki and Yuu's father managed went bankrupt.
It went bankrupt because a manager ran off with all the money.
Someone please take care of these puppies.

whether even we will survive.....

I don't know

Hey, there are tons of food!
Everyone went off somewhere
SPECIAL DOG

All of you, eat up

From now on, you can't just drink my milk,
You've grown so big already
So you've got to eat food like this

It's only a matter of time before the food runs out
Mama's fine
You're not eating, Mama?

Nello could no longer stand up.
The food ran out a few days ago——
Unable to stand their hunger, the pups suckled on Nello's ungiving teats.

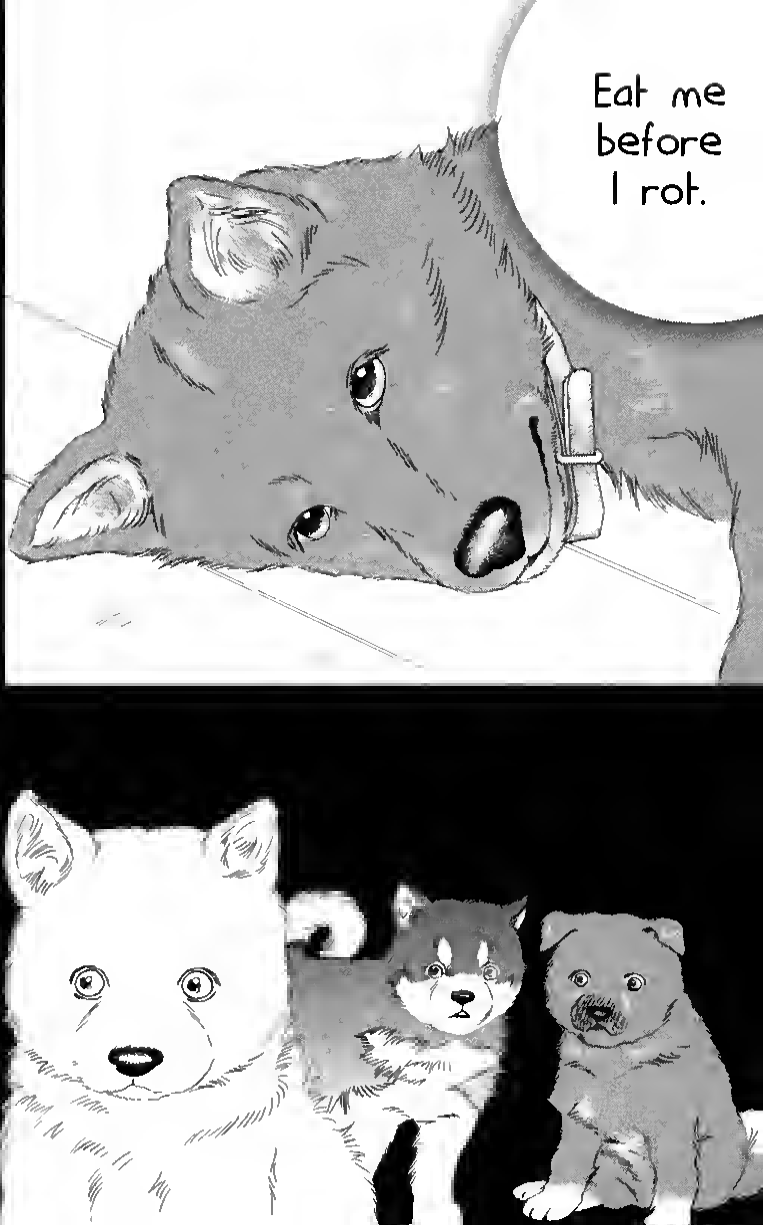
We must believe in our masters.
I don't expect those two to abandon us easily.
Abandoned? What's that Mama?
We've.....
been abandoned.
So no matter what happens, don't blame them.
Do you understand?

It's good, isn't it, that you all can still eat properly.
So in order to keep living, you should eat what you can.

And so?
And so...

If I die.....



Eat me before I rot.

Toto, you're just a little too excitable.
So if you don't become more obedient, people won't like you.
Koro, you've been spoilt, haven't you?
But you must eat whatever there is.
Yes, Mama.
Pao.....
You're a sweet pup.
Yes, Mama.

Yes, Mama....
But you have to think of yourself too. Do you understand?
Listen carefully now. Your mama was looked after by those two so she could give birth to you,
So of course it's best if you live long lives
And so, no matter what, you mustn't give up.

Without fail,
you must survive.....

Homeless people are like abandoned dogs —— kicked out if they become a nuisance.

In order to survive, there's something more important than anything else,
and that thing is called "sympathy".....
The next day, Pao and the old woman went looking for food together.
The days continued gently
But...
A cold winter was just around the corner.

It's impossible You can't get out of here.
Oneechan, you can't get out of here?
Pao..... you're alive
There are seven cells which accommodate animals.
They appear in those seven cells for a week. They move one cell per day.
However, there is no eighth cell here.....
You can't get out unless someone adopts you.
But my eye.....
The final room is the gas chamber—— It's where the dogs are "disposed" of.
It's not pretty after all—

RebelliousArt
MangaArt's Fallen Angels

No way.....
However, it is out of the question for sick dogs to be adopted.
The Prevention of Cruelty to Animals Association finds new owners for the animals.

MASTERS JUST ABANDON THEM BECAUSE OF "OLD AGE."
THIS GUY CAN'T SEE CAUSE OF OLD AGE.

The pets who aren't allowed to choose their way of life ——
The ones used for breeding and then abandoned after being used,
the ones abandoned by their masters in a faraway place and got caught for wandering around.
the ones brought in just because they bark too loudly.

They continue to wait for their masters while on the verge of death
mostly aren't able to get out from here anymore
Death fetches them in their misery ——

STOP THAT. WE CAN'T DO ANYTHING FOR THEM.

YOU POOR THING……

I don't want you to be abandoned anymore. I want to save one or a lot of you guys...

No way.....
It can't be helped. "Things" that can't move get thrown away

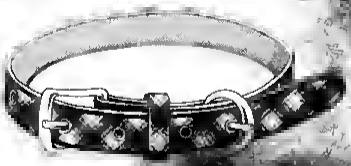
Why were these dogs born if they're just going to die?

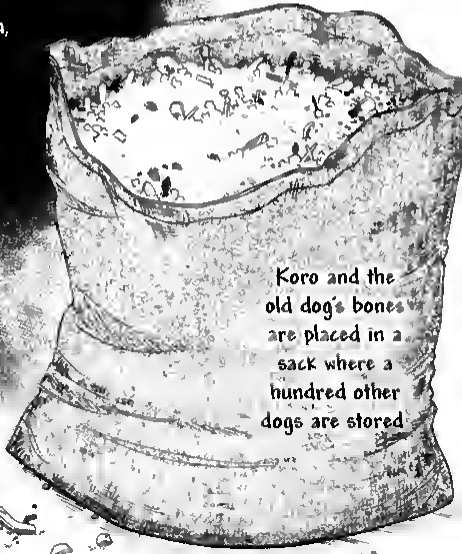
Dogs also experience the pain and agony today.



They become ashes.

For the pets killed because of the popular pet boom,

this is reality —



Koro and the old dog's bones are placed in a sack where a hundred other dogs are stored
